ORDER RE: MOTION TO STAY

On September 7, 2010, Burlington Schools PV, LLC ("BSPV") filed a Motion to Stay ("Motion") proceedings regarding BSPV's petition, filed July 15, 2010, for a certificate of public good for the construction and operation of a 332 kW roof-top solar electric generation facility to be located at Burlington High School in Burlington, Vermont ("Burlington High School Project"). In its Motion, BSPV requested that the Public Service Board ("Board") stay proceedings until November 30, 2010, due to BSPV's concerns about the financial viability of the Burlington High School Project.¹ BSPV also requested an extension of time, until ten days after such stay is lifted by the Board, to comment on the City of Burlington Electric Department's ("BED") September 3, 2010, filing, which the Board requested in a memorandum issued August 19, 2010.

On September 9, 2010, the Clerk of the Board issued a memorandum seeking comment on BSPV's Motion and relieving BSPV from responding to BED's September 3 filing until the Board issued an order regarding its Motion and requested extension. The memorandum stated that any comments were due by September 20, 2010.

1. On July 14, 2010, BSPV filed its application for the Vermont Business Solar Tax Credit with the Vermont Clean Energy Development Fund ("CEDF") Board. On August 25, 2010, the CEDF Board issued a list of projects that would receive a tax credit reservation, and BSPV's Burlington High School Project was not selected.

No comments on BSPV's Motion were received.

BSPV's Motion to stay this proceeding is granted. BSPV shall, by November 30, 2010, file for withdrawal of its petition, request that the stay be lifted, or request that the stay be extended. In the event that BSPV requests that the stay be lifted, BSPV shall file the comments in response to BED's September 3 filing, as requested by the Board's August 19 memorandum, within ten days of the Board ordering the stay be lifted.

SO ORDERED.

Dated at Montpelier, Vermont, this 29th day of September, 2010.
